LOCAL AND PERSONAL

Santa Claus headquarters to be at Ralues Hardware Co. —adv.

Mr. J. O. Martin has returned from New York.

Mr. George Kite was a week-end visitor to Metter.

Mrs. B. J. S. Parrish, of Pulaski, was in the city Tuesday.

Miss Lucile Parrish has returned from a visit in Pulaski.

Mrs. H. F. Upchurch is visiting her sister in Washington, D. C.

Miss Lila Blitch is visiting in Ridge Creek and Hendersonville, N. C.

Miss Willie Lee Olliff has returned from Montezuma and Americus.

Mr. and Mrs. Brooks Simmons are spending several days in Atlanta.

Miss Irma Floyd has returned from Sylvania where she visited friends.

Dr. and Mrs. J. E. Donehoo have returned from a stay at St. Simons Island.

Mrs. Beatrice Lee, of Metter, was the guest of Mrs. L. W. Armstrong Tuesday.

Mr. and Mrs. Adam Jones and children have returned from a visit to Eastman.

Miss Carrie Williams, of Swainsboro, is the guest of Miss Janie Lou Brannen.

Miss Verna McEvee has returned to her home after spending some time at Sylvania.

Mrs. T. C. Dekle, of Register is the guest of Mrs. J. G. Moore, on South Main street.

Mr. and Mrs. Oliver, of Valdosta, are visiting Mr. and Mrs. W. Williams.

Miss Irma and Winnie Lee Ernst, of Savannah, are the guests of Miss Leona Rustin.

Miss Annie Rawls, of Guyton, is visiting her aunt, Mrs. D. D. Arden on Grady street.

Mrs. Horace Wood and little daughter, Dorothy, are visiting Mr. and Mrs. W. D. Davis.

Miss Pearl Horne has returned from a visit to her sister, Mrs. Joe Brannen, at Clito.

Mr. and Mrs. J. A. Addison have returned from a visit to relatives in Charleston, S. C.

Mrs. Turner, of Helena, is the guest of her aunt, Mrs. Dan Groover, on South Main street.

Mr. J. F. McCordle has returned from overseas service and is visiting friends in the city.

Miss Kate Slater, of Clayton, is the attractive guest of Mrs. W. H. Collins on Savannah avenue.

Mr. and Mrs. Fred McGurry, of Thomasville, were the guests of Mrs. D. F. McCoy Sunday.

Master Joe William Donaldson spent the week in Savannah the guest of Mrs. Alma Raines.

Mr. J. W. Talton, of Clayton, N. C., is visiting his son, Mr. R. E. Talton, on North Main street.

Mr. L. C. Mann returned Friday from New York, where he spent several weeks on business.

Miss Bertha Davis has returned to Augusta, after a visit to her parents, Mr. and Mrs. T. L. Davis.

Mr. and Mrs. Will Peebles, of Augusta, are visiting Rev. and Mrs. R. M. Booth, on Broad street.

Mrs. L. I. Ernst has returned to her home in Savannah after a visit to her daughter, Mrs. B. W. Rustin.

Mr. and Mrs. A. J. Lee have returned from India Springs, where they attended the camp meeting.

Misses Eleanor and Dorothy Samples, of Savannah, are visiting their grandmother, Mrs. D. F. McCoy.

Mrs. S. A. Holbrook and son Charles, of Atlanta, are the guests of Mrs. J. R. Roach for several days.

Mrs. Eugene Sassatt has returned to her home in Newnan after a visit to her aunt, Mrs. W. T. Hughes.

Miss Irene Arden has returned from a visit to Talladega, Ala., and was accompanied home by Miss Mary Eva Tarver.

Mr. and Mrs. J. F. Aldred have returned to Atlanta, after a visit to Mr. and Mrs. W. H. Aldred, on South Main street.

Mr. R. Simmons spent a few days in Statesboro the first of the week, having just returned from his home at Ocala, Fla.

Miss Hazel McDougald has returned to her home at Tybee, after a visit to her aunt, Mrs. Colin Shaw, on Broad street.

Mrs. Bruce Donaldson and children have returned from a visit in Tifton, and were accompanied home by Miss Edna Warren.

The many friends of Dr. and Mrs. D. L. Deal will be interested to learn that he is expected home from service in France soon.

Miss Annie Laurie Turner left Tuesday for Bainbridge, where she will be the guest of Miss Gladys Hooten for several days.

Miss Florence Townsend, who has been the guest of Miss Nellie Lee and Mrs. H. Clark, has returned to her home in Savannah.

Rev. J. B. Thrasher, Rev. R. M. Booth and Col. Hinton Booth left Monday for Indian Springs where they spent the week.

Mr. R. L. Paschal, Mr. Sheldon Paschal, Mr. Robert Caruthers and Mr. R. M. Raines are at Tallulah Falls for an outing of ten days.

WHILE-AWAY CLUB.

Mrs. C. P. Olliff delightfully entertained the members of the While-Away Club at the beautiful home of her mother, Mrs. E. L. Smith, on Friday afternoon. The rooms and hall were fragrant with beautiful flowers. Ferns and other potted plants, were used as pretty ornaments. Mrs. Olliff was assisted in serving a delicious salad course by Mrs. Smith. Throughout the evening dancing and music were enjoyed.

Misses Nita Woodcock and Janie Lou Brannen entertained the younger set at the beautiful home of Miss Woodcock on South Main street Tuesday evening with a prom party in honor of Miss Williams, of Swainsboro. The rooms were beautifully decorated in summer flowers and ferns. Dancing and music were enjoyed, after which a delicious ice course was served by Mrs. Horace Smith.

A party composed of Mrs. John Wilcox, Misses Jennie Mae Clark, Josephine Belcher, Bessie Louise Chandler, Marjorie Lester, Mary Wilcox, Messrs. Clark Wilcox, Allen Mikell and Mack Lester will spend the week-end at Tybee.

The friends of Rev. and Mrs. S. A. McDaniel sympathize with them in the death of Mrs. McDaniel's mother, Mrs. Henry J. Gaines, which occurred at her home at Princeton, S. C., Monday.

Rev. J. B. Thrasher, Rev. R. M. Booth and Col. Hinton Booth left Monday for Indian Springs where they spent the week.

Mr. R. L. Paschal, Mr. Sheldon Paschal, Mr. Robert Caruthers and Mr. R. M. Raines are at Tallulah Falls for an outing of ten days.

Mrs. Nona Mancefield entertained a few couples with a Tuesday evening at the home of Mr. and Mrs. L. E. Jay on Broad street.

RAILWAY FIREMEN
ASK BIG INCREASE

35 TO 65 PER CENT WAGE JUMP IS DEMANDED BY 117,000 MEN IN RAILROAD EMPLOY.

Cleveland, Aug. 17.—A 35 to 65 per cent increase in wages is demanded for 117,000 firemen and hostlers on railroads in the United States and Canada in a wage scale adopted before adjournment today by 300 general chairmen of the Brotherhood of Locomotive Firemen and Enginemen in session here since Tuesday.

Another demand to be presented to the director general of railroads is that all coal-burning locomotives in road service weighing 200,000 pounds and over shall be equipped with mechanical stokers and that two firemen shall be employed on all such locomotives until they are so equipped.

About half of the 80,000 engines in the United States will come under this proposal, only about 5,000 of which are equipped with mechanical stokers at present.

In accepting the report of the wage committee appointed at the opening sessions last Tuesday and which only completed and presented its report Saturday morning discussion of which took up yesterday's and today's conference, some modifications were adopted, but the report was adopted in the main part. The more important sections of the report follow:

Rates of pay for firemen and hostlers in passenger service, \$6.50 per day of 100 miles or less, except when mail engines are used, when \$7.20 shall be paid.

Overtime in passenger service will be computed on the present basis at a speed of 20 miles an hour.

In freight service on engines weighing less than 200,000 pounds firemen shall be paid \$6.00 and on engines weighing over 200,000 pounds, \$6.80 per day of 100 miles or less, overtime to be computed on present basis at a speed of 12 1/2 miles per hour.

Firemen and helpers employed in local or very freight service, mixed trains, mine runs and other service shall be paid a minimum of 50 cents per hundred miles or less in addition to the through freight rates.

Firemen employed on all other trains in unclassified service shall be paid through freight rates according to class of engine used.

Firemen employed on mail engines in all service except yard service, shall be paid \$7.50 per day for 100 miles or less.

Firemen and helpers employed in yard service shall be paid \$6.50 per day of eight hours or less, except when mail engines are used, when the rate of \$6.80 shall be paid.

A demand for time and one-half for overtime in all classes of service is made, which will apply when men are used on Sundays or holidays.

Inside hostlers shall be paid \$6.80 per day and outside hostlers \$7.20 per day, and hostlers' helpers \$6.50 per day, eight hours or less to constitute a day's work. All time worked in excess of eight hours to be paid at rate of time and one-half.

In addition to the demand that all coal-burning locomotives in road service weighing over 200,000 pounds be equipped with mechanical stokers, a demand is made that all coal-burning locomotives less than that weight shall be equipped with mechanical coal passers, a mechanical device operated by steam to keep the coal within reach of the fireman, and that all coal-burning locomotives shall be equipped with power grate-shakers and automatic fire door-openers.

It is estimated that it will cost \$200,000,000 to equip the locomotives in the United States with the difficult mechanical devices demanded by the firemen.

Another working condition demanded is that on railroads where firemen are required to clean locomotives they shall be relieved of such work and that firemen shall be relieved of moving tools or supplies, loading coal, filling lubricators, etc.

LEGISLATURE PASSES MEASURE REQUIRING ALL COUNTIES TO LEVY ADDITIONAL TAX.

The compulsory school tax bill which has been before the legislature for about six years has been passed by both branches of that body. It is a constitutional amendment and will have to be voted on by the people of the state at the general election next year. This bill provides for a compulsory county tax levy of from one to five mills in the county to be used exclusively for school purposes. The object of this bill is that this money shall be used to augment the state school fund and will in no wise lessen the state distribution already being made to the common schools.

Those counties which have already voted a local school tax will not be affected by the bill. All other counties will be forced to levy a tax for school purposes of from one to five mills.—Vidalia Advance.

WILSON DEFENDS
LEAGUE OF NATIONS

ANY CHANGE IN THE DOCUMENT WILL CAUSE DELAY IN PEACE TREATY.

Washington, Aug. 19.—In a two-thousand word statement at the opening of the conference today, President Wilson told the foreign plenipotentiaries that he could see no reasonable objection to interpretations of how the United States accept the league of nations, provided such interpretations did not form a part of the formal ratification of the peace treaty.

If the interpretations were a part of the formal ratification, the president said, long delays would follow, as the other governments concerned would have to accept the language of the senate as the language of the treaty before the ratification would be complete.

He said that article ten was not obscure if read in connection with the whole document, and that the affirmative vote of the United States would be necessary in any question affecting it.

Under article sixteen, the president said, the solicitor general, J. C. McLaughlin, and the individual members of the league alone were left to their own settlement, such as tariffs, immigration, etc. He said the Monroe Doctrine would in no way be impaired or interfered with by the league of nations.

The president pleaded for an early ratification to settle unrest. All members of the foreign relations committee attended the conference. The president received the senators in the East room and invited them to lunch, continuing the conference after noon.

The president said that the plan for the league of nations was built from the plan drawn up by the British committee, and included ideas of General Smuts and his own ideas. He said his own private draft of the original plan was not submitted to the American peace commission and that he had seen Secretary Lansing's proposal only informally.

He declared that he had suggested that the United States not participate in the German indemnity as he wished this nation to gain a moral asset, but he said he did not refer to war claims, such as sinking the Lusitania. He said that the league of nations would have nothing to do with deciding whether the United States had fulfilled its obligations in case of withdrawal.

Both officers were captured when they were compelled to land with their planes and became lost. Peterson was then seized with fever and the Mexicans overtook and captured them.

El Paso, Aug. 19.—United States troops crossed into Mexico near Candelaria, in pursuit of the bandit kidnapers. The troops used are units of the eighth cavalry, complemented by machine gunners and several army airplanes, who are scouting to locate the bandits.

Lieutenants Peterson and Davis are reported to be leading the cavalry to the rendezvous of the latter.

FOR SALE—Two good young Jersey milk cows, one has young calf; will give two to three gallons per day. W. H. WATERS, Statesboro, Ga. (7aug3tp)

CITY SCHOOLS OPEN
ON SEPTEMBER FIRST

NUMBER OF NEW MEMBERS ARE ADDED TO FACULTY FOR THE COMING TERM.

The Statesboro public schools will open on Monday, September 1st, according to an announcement contained in the annual catalogue which has just been issued from the press, and which is for public use.

The faculty for the coming term comprises quite a number of new teachers, though a majority of the faculty are those who have been with the school in the past.

Plans are being made to take care of an increased number of pupils the coming term, for which two additional rooms are now being built. It is expected that they will be completed and in readiness by the opening date.

Prof. R. L. Monte is again superintendent, having been elected for the third consecutive term.

Other members of the faculty are: C. S. Carter, science and mathematics; Mary Louise Carmichael, history; Mrs. D. L. Deal, English.

Under the solicitor general, J. C. McLaughlin, and the individual members of the league alone were left to their own settlement, such as tariffs, immigration, etc. He said the Monroe Doctrine would in no way be impaired or interfered with by the league of nations.

The president pleaded for an early ratification to settle unrest. All members of the foreign relations committee attended the conference. The president received the senators in the East room and invited them to lunch, continuing the conference after noon.

CITIZENS WILL SOON
KNOW PAVING COSTS

CONTRACTING COMPANY COMPLETES JOB AND RENDERS AN ITEMIZED STATEMENT.

Property owners of Statesboro are soon to know the exact amount of their paving bills. The work having been completed, the contracting engineers have rendered an itemized statement of the cost to the city, and he councilmen are now checking over all bills to ascertain the correctness of all charges.

From the best obtainable estimates, the cost to the property owners will be about \$3.00 per square yard. The entire cost of street paving has been found to be between \$60,000 and \$81,000, while the yardage is a little over 20,000. Abutting property owners will pay two-thirds of the cost of paving and the city one-third. In addition, the paving ordinance provides that the city shall pay the entire cost at street intersections, which will largely increase the city's part of the paving bill. It is probable that under the circumstances the city's part of the expense will approximate \$30,000, which was the amount for which the city had voted.

The original contract with the J. B. McCrory Company was for \$58,500 for the entire job. The plans were later amended to provide for thicker curbing and larger storm sewers in some places, which added to the cost. Then a strip belonging to the Central Railroad near the depot was taken in, which also added to the cost, bringing the total to about \$60,000, as stated above.

Under the first estimate it was believed the cost per yard would be not exceeding \$2.50. The cost of materials and labor having advanced, however, since the contract was let, it has been found that the cost is considerably above that price.

A NEW BRICK GARAGE
AN EAST MAIN STREET

CHICK JONES TO HAVE BUILDING ON LOT OPPOSITE THE JAECKEL HOTEL.

S. F. Olliff has let to C. A. Alderman the contract for the erection of a handsome new garage building on East Main street, just opposite the Jaekel Hotel, to be occupied by H. P. (Chick) Jones, the Studebaker representative.

The building will be of brick, forty by eighty feet, and will be a credit to that section of the city. Mr. Jones has been for the past year or more occupying quarters on Vine street, near the Brooks Simmons Company grocery store. He handles the Studebaker car and the Indiana truck, besides which he operates a repair shop for the public.

AT THE BAPTIST CHURCH.
Rev. Charles Lewis Fowler, president of Lanier University, Atlanta, will occupy the pulpit at the Baptist church next Sunday both morning and evening, in the absence of the pastor, Rev. W. T. Granade, who is off on his summer vacation.

FORD AWARDED SIX CENTS IN DAMAGES

BOTH PARTIES IN BIG DAMAGE SUIT CLAIM TO BE FULLY SATISFIED.

Mount Clemens, Mich., Aug. 18.—A jury last night awarded Henry Ford six cents damage against the Chicago Tribune for calling him an anarchist.

Orvy Hullett, foreman of the jury, said that they took "nine ballots that I can remember," the first one according to Leonard Messel, another juror, standing 8 to 4 in favor of awarding Mr. Ford some damages.

Attorney Alfred J. Murphy for Mr. Ford said: "The important issue in this case has been determined favorably to the plaintiff. He has been vindicated. Money damages were entirely subordinate and were not sought by Mr. Ford. He stands not only vindicated but his attitude as an American citizen has been justified after a trial which razed every issue against him which ingenuity and research could present."

"His friends were entirely satisfied," Weymouth Kirkland, of counsel for the Tribune, said.

"We consider it a victory for the reason that Attorney Alfred Lucking, in closing for Mr. Ford, stated that anything less than substantial damages would be a defeat for his client."

The jury was out ten hours.

\$1,000 WILL BE PAID FOR A SINGLE WORD

World Trade Club Offers Prize for Best Name for "Brit-Am."

San Francisco, Cal., Aug. 12.—Can you create the one word which will best denote the United States and all parts of Britannia? If so, you will be paid at the rate of \$1,000 a word. The World Trade Club of San Francisco has offered \$1,000 to the person who suggests the word which, in the judgment of the club's Metric Campaign Committee, is best adapted to world-wide use.

The competition is open to all humankind. The money will be paid to the winner at noon on May 15, 1920, by a committee appointed by President W. H. Hammer of the World Trade Club.

"Brit-Am," "AmBrit," "AmBritica," "Br-Am," "Sam-Bull" are some words thus far suggested. New names are constantly coming. The World Trade Club is offering this award because in carrying on its present campaign for the adoption of metric units by all English-speaking people—the United States, the British Isles, Canada, Australia, New Zealand, Tasmania, United South Africa, and so on—it was hampered by the lack of a single short word which would express all these.

The metric units of weight and measure are now used by all the world except "Brit-Am," "AmBritica," or "Sam-Bull."

The growing of wheat having come to a place of importance in the commerce of Bulloch county, the one thing needed now is still further encouragement. It is a flour mill.

The people of the county have been put to the necessity of shipping their wheat out of the county for the past two or three seasons, which has not only been found inconvenient, but is expensive as well. A flour mill in the county would not only be a convenience, but it would be a source of revenue to the county. The passage of the bill at the last session of the legislature providing for additional support for the public schools, through a tax to be levied in every county, is a wise piece of legislation.

The public schools of any community are a direct asset to the community. Every farm or business of any kind is made the more valuable because of the schools. No prospective citizen would seek an investment in a community without schools. Any buyer of farm property first asks how far to the nearest school? And the property of the community ought to contribute the more largely to the support of the schools for that reason.

And the broader reason is that good schools make better citizens. Every man worthy to live in a community is interested in better citizenship. If he is not willing to contribute to the improving of his community in this respect, he is not a desirable citizen in the truest sense.

The state has been carrying a big burden for the schools for many years and has done her part well. The counties have not all been doing their part. In many of them there is a school tax system, and these are among the most progressive. The time has come when every county ought to do more, and the state legislature is putting the job right where it belongs.

Exactly how much good has been accomplished by the daylight saving law, we cannot surmise. Some find for statistics has possibly figured out that it has been worth millions in time saved to the people, but we are inclined to doubt that a dollar can be exhibited anywhere that has been saved by the law. If moving the time up one hour could save a billion dollars, it would be so logical to move forward twenty-four hours and save twenty-four billion. After all, it may be found that this is the easiest way to grow rich. Then a man would only need to buy a string of watches and set them all ahead as many hours as he cared to and watch his bank account grow.

SELECTING A TEACHER.

It is not just enough for local communities to go ahead on the basis that the teacher is worthy of her hire, and so expend the money without any further care and discrimination just because it is going to the most poorly paid class of people in the makeup of any community. The good teacher cannot be paid too much money, relatively speaking, but the poor teacher is worse than nothing and in many cases tax money is spent out to create that in pupils that most money has to be spent later on to get out of them.

The average school in Georgia is below what it should be, and while the main reason is lack of funds— which condition will be largely remedied by the passage of the Elkins-Carwell local tax bill at the last General Assembly—local school boards are by no means blameless in that they do not make the best use always of the money they have to spend.

The old idea that any woman of fair education and any man who might be fit to teach school, is getting to be a thing of the past. We know better now.

Teaching, especially teaching a country school, is a big job if it is properly done and one that requires of an exceptional man or woman.

Unlike the city school where the teacher easily comes to specialize in this or that grade, the country teacher has in her hands in most cases the whole education of the pupil from the first essay at the alphabet to the final venture into common school algebra. This half hour she is teaching the primary class, the next the half-grown of the third or fourth reader—the whole educational progress of the learning community passes through her hands.

In some cases she is chosen as a first-come-first-served basis or to a neighbor or help an indigent family. Such teachers are generally

not worth even the small sums they are paid. On them the future of the state is not paying too little. But the teacher who knows and loves and studies her business, who is qualified to take the next place to the mother in fashioning the lives of the children of the race, there is no reward too great, no responsibility too high to place in her hands. And the country school needs her as no other school does.

The raising of pay for teachers will, of course, attract more skilled teachers, although that will not alone bring our state school system up to proper plane of teaching excellence. The local boards have a duty in selection co-equal with that of paying adequate salaries—a duty that seems to be more clearly realized and followed in Georgia each and every succeeding year.

COUNTY SCHOOL TAX.

The passage of the bill at the last session of the legislature providing for additional support for the public schools, through a tax to be levied in every county, is a wise piece of legislation. The public schools of any community are a direct asset to the community. Every farm or business of any kind is made the more valuable because of the schools. No prospective citizen would seek an investment in a community without schools. Any buyer of farm property first asks how far to the nearest school? And the property of the community ought to contribute the more largely to the support of the schools for that reason.

And the broader reason is that good schools make better citizens. Every man worthy to live in a community is interested in better citizenship. If he is not willing to contribute to the improving of his community in this respect, he is not a desirable citizen in the truest sense.

The state has been carrying a big burden for the schools for many years and has done her part well. The counties have not all been doing their part. In many of them there is a school tax system, and these are among the most progressive. The time has come when every county ought to do more, and the state legislature is putting the job right where it belongs.

Exactly how much good has been accomplished by the daylight saving law, we cannot surmise. Some find for statistics has possibly figured out that it has been worth millions in time saved to the people, but we are inclined to doubt that a dollar can be exhibited anywhere that has been saved by the law. If moving the time up one hour could save a billion dollars, it would be so logical to move forward twenty-four hours and save twenty-four billion. After all, it may be found that this is the easiest way to grow rich. Then a man would only need to buy a string of watches and set them all ahead as many hours as he cared to and watch his bank account grow.

This is Certain-teed Week August 18 to 23

This is a "big" week the country over—a week especially set apart by Certain-teed dealers to assist you in properly starting your new home and in setting your present house in order for the fall and winter.

Every home and building needs Certain-teed extra quality roofing or paint; possibly the interior wood-

work needs touching up a bit, or the floors need a coat of wax or varnish.

You will find it to your advantage to visit your Certain-teed dealer this week and learn from him how you can carry out your plans at the least expense and with the best results.

Your Certain-teed dealer will advise you in making the selection which will best fit your need.

And whenever you have painting or roofing work done, make sure to specify Certain-teed. You will then be assured of the best and most lasting results.

ENGINEER REPORTS BIG IMPROVEMENT

DECLARES HIS WIFE GAINED TWENTY-FIVE POUNDS TAKING TANLAC—HER TROUBLES HAVE ENTIRELY DISAPPEARED.

"Tanlac not only relieved my wife of her rheumatism, but she has actually gained twenty-five pounds since taking it," said G. G. Geiger, engineer on the Georgia Railroad, living at 93 East Linden street, Atlanta, Ga.

"The rheumatism was so bad that her feet would swell until she couldn't get her shoes on and her arms ached until she said they felt like they would drop off. Her head ached and she had dizzy spells and was so nervous that she could hardly sleep. Her appetite failed, and she lost steadily in weight and strength. She was unable to look after her housework and finally got so bad that she had to take to her bed and stay there for weeks, a nervous wreck.

She tried all kinds of medicines, but nothing did her much good, and I decided to have her try Tanlac. After taking four bottles, her rheumatism was entirely relieved, she has no more headaches, is no longer nervous and sleeps like a baby. Her appetite is fine and she is gaining in weight and strength right along. She is as full of life and energy as if she were a different person, and is looking after the housework as though she had never been sick at all."

Tanlac is sold by leading druggists everywhere.—adv.

DOING HIS DUTY.

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Mayr's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by W. H. Ellis Co. and druggists everywhere. —(adv.)

WILL NOT GRANT INCREASED WAGES

PRESIDENT'S STATEMENT TO THE PUBLIC ON REFUSING INCREASES DEMANDED BY RAILROADERS.

Washington, Aug. 25.—The president's statement to the public follows: "My fellow citizens: A situation has arisen in connection with the administration of the railways which is of such general significance that I think it my duty to make a public statement concerning it, in order that the whole country may know what is involved.

The railroad shophmen have demanded a large increase in wages. They are now receiving 58, 63 and 68 cents per hour. They demand 85 cents per hour. This demand has been given careful and serious consideration by the board which was constituted by the railroad administration to adjust questions of wages, a board consisting of an equal number of representatives of employees and of the operating managers of the railroad companies. This board has been unable to come to an agreement, and it has therefore referred the matter to the director-general of railroads and myself to act upon the merits of the case.

The shophmen urge that they are entitled to higher wages because of the higher wages for the present year, which they claim that they are receiving the same advantages that other railway employees are enjoying because their wages are calculated upon a different basis. The wages of other railway employees are based upon the rule that they are to receive eight hours' work the same pay they receive for the longer work day that was the usual standard of the pre-war period. This claim, I am told, well founded; and I concur in the conclusion of the director-general that the shophmen ought to be given the same rule as the other employees. There are certain other adjustments, also pointed out in the report of the director-general, which ought, in fairness to be made, and which will be made.

Let me add, also, that the position which the government must in consequence take against the general increase in wage levels while the present exceptional and temporary circumstances exist will of course not preclude the railroad administration from giving prompt and careful consideration to any claims that may be made by other classes of employees for readjustments believed to be proper to secure impartial treatment for all who work in the railway service.

WOODROW WILSON.

THIGPEN MAY REMAIN A CITIZEN OF STATESBORO

It will be pleasing news to his many friends that Mr. F. B. Thigpen may not remove his citizenship from this city. He will not if Judge Lovett, the new judge of the Ogeechee circuit, gives heed to the largely signed petition for his appointment as stenographer of the new circuit.

Mr. Thigpen was recently appointed by Judge Freeman stenographer of the city court of Savannah. The acceptance of the position would have called for his removal from Statesboro, which he is reluctant to do. His friends are petitioning Judge Lovett to appoint him stenographer of the Ogeechee circuit, which it is believed he will do.

Aspirin 50c per 100 until September 1st. BRANNEN'S PHARMACY. (Taunt)

DROPPED DEAD ON THE FLOOR

PRIVATE HOME THE SCENE OF LAST WEEK'S WHOLESALE SLAUGHTER

The beautiful home of one of our prominent citizens was the scene of a wholesale slaughter one night last week. Shortly after dusk the house was invaded by a swarm of voracious malarial-carrying mosquitoes, which would have made sleep impossible had not preparation been made for such a happening. A barrage of Torment was shot into the air of each room with a small spray, and the mosquitoes at once surrendered as if gassed. Torment is the finest of insecticides and kills flies and mosquitoes while they are on the wing. It does not injure human beings and will not stain clothing nor furniture. A small bottle, including spray, 25c at our drugists. (1919)

THOUSAND-DOLLAR HOG IS BULLOCH'S HIGH MARK

AKINS SELLS HALF INTEREST IN REGISTERED BOAR TO WATSON FOR \$500.

A hog valued at \$1,000 may sound a little unusual, and few people can imagine such a hog as among Bulloch county's products, and yet that is the record which our county now holds.

Last week Messrs. M. R. Akins and Sons sold to K. E. Watson a half interest in one of their registered Hampshire boars for \$500, which proves conclusively the estimate these gentlemen have of the value of a record hog, and the future of the hog industry in Bulloch county.

This hog is about two years old, and was bought by the Messrs. Akins more than a year ago when quite a small pig. Since then it has been about 300 Georgia in the past, and has been a prize-winner. The boar will be used jointly between the Watson and Akins herds.

The Messrs. Akins have near three hundred hogs in their herds, while Mr. Watson has almost as many, the two herds numbering above five hundred.

OPERATION FOR APPENDICITIS

Friends will be pleased to learn of the improvement of Mr. Walter S. Brown, who was operated on yesterday for appendicitis.

BULLOCH TIMES AND STATESBORO NEWS

MACHINERY SPECIAL FOR STUMP PULLING

PROGRAM MAPPED OUT INCLUDES VISIT TO STATESBORO.

Macon, Aug. 22.—Plans for the operation of the "Machinery special" on its land clearing trip through South Georgia from September 1 to Oct. 11, were outlined at a meeting held today of the co-operating forces of the extension division of the State College of Agriculture, six tractor companies, three stump pulling companies and a powder concern.

It was decided that all machinery will be placed at Cordele, Sept. 1, and a demonstration will be held the following day. Two tractors will be allotted to each of the seventeen other South Georgia towns. In addition to the unloading and setting up processes moving pictures will be shown as a feature of the first day. The land clearing demonstration will consist of stump pulling, ditch digging and general work by the tractors.

W. H. Abbott, secretary of the Georgia Land Owners Association, was made chairman of entertainment for the party aboard the special train, and he announced that as the work will be hard and gruelling, it will have a "bum-bum" optimistic.

Henry T. Maddox, publicity man for the extension division will be in charge of the train; W. E. Broach of the state college, will supervise all field demonstrations, and J. Phil Campbell has general direction of the entire project.

The work, with the sites where the demonstration will be staged and the dates follow: Cordele, J. M. Hunt's farm, Sept. 2; Camilla, H. M. Metcalf's farm, Sept. 4; Moultrie, Powell's dairy farm, Sept. 6; Sparks, T. J. Hill's farm, Sept. 9; Tifton, Collins Plains Experiment farm, Sept. 11; Fitzgerald, C. L. Prescott's farm, Sept. 13; Douglas, J. E. Chappell's farm, Sept. 16; Waycross, C. E. Miller's farm, Sept. 19; Blackshear, A. C. Snedeker's farm, Sept. 20; Jesup, A. E. Knight's farm, Sept. 23; Baxley, Stone's farm, Sept. 25; Vidalia, W. O. Donovan's farm, Sept. 30; Claxton, W. S. Bruton's farm, Oct. 2; Savannah, Bethesda Orphanage, Oct. 4; Statesboro, Mrs. Foss' farm, Oct. 7; Stillmore, J. L. Carmichael's farm, Oct. 9; Dublin, farm not chosen, Oct. 11.

Exact train schedules still remain to be worked out.

ADVISE FARMERS TO HOLD THEIR COTTON

LEADERS ISSUE APPEAL TO THE COTTON GROWERS TO HOLD FOR BETTER PRICES.

Atlanta, Aug. 24.—Urgent advice to farmers to hold their cotton is contained in a resolution offered by Chairman Thomas J. Shackelford, of the finance committee, and unanimously adopted by the executive board of the American Cotton Association, now conducting its membership campaign with headquarters here.

Always, at this time of the year when the new crop is beginning to come in, it is pointed out, there is a view of completing the schedule. Further announcement will be made as soon as the athletic schedule is completed.

"We earnestly urge that the cotton farmers and the holders of cotton be not stampeded by propaganda now being issued by speculators and parties who desire to buy cheap cotton, but that they stand steady and refuse to sell their staple at present prices. This Association deprecates the organized effort now being made to depress and send the price of cotton to the bottom. In spite of the fact that cotton goods have advanced greatly cotton prices have gone down twenty dollars in twenty-five dollars per bale. Today the staple, measured by the price of manufactured cotton goods, is intrinsically worth more than thirty five cents per pound, and even at that price it is the cheapest commodity base as sold in the world's market. As soon as the American Cotton Association is fully organized with its million members it will immediately begin an organized fight in behalf of cotton."

President J. S. Wannamaker of the American Cotton Association and J. Brown, chairman of the board of directors of the American Cotton Association, fully endorse the foregoing resolution, but strongly urge the producers of this state to heed the advice to the letter, and not to sell until the association has the opportunity to put before the country its plans and purposes.

Bland, Smith Supply Co., The Brannen Co.

PARKER MAY BE CANDIDATE FOR NEW SOLICITORSHIP

SPOKEN OF AS PROBABLE CANDIDATE FOR SOLICITOR OF THE NEW OEGECHEE CIRCUIT

Accompanied by a very striking likeness in his overseas attire, the Savannah Morning News of today has the following to say in regard to the probable candidacy of Maj. Homer C. Parker for the solicitorship of the new Ogeechee circuit:

Major Homer C. Parker of Bulloch county is a prospective candidate for solicitor of the Ogeechee judicial circuit, composed of Bulloch, Screven, Jenkins and Effingham counties.

Maj. Parker is 34 years old, has resided in Bulloch county 26 years, and has practiced law eleven years. He was solicitor of the city court of Statesboro before the war, and is at present major in the Judge Advocate General's Department and is Judge advocate, Fifth Division. He has been in the army for the past four months, spent fourteen months in Europe and participated in the St. Mihiel and Meuse-Argonne offensives. He is president of the Georgia Camp, Society of the Fifth Division, Veterans of the World War. These gentlemen have of the value of a record hog, and the future of the hog industry in Bulloch county.

This hog is about two years old, and was bought by the Messrs. Akins more than a year ago when quite a small pig. Since then it has been about 300 Georgia in the past, and has been a prize-winner. The boar will be used jointly between the Watson and Akins herds.

The Messrs. Akins have near three hundred hogs in their herds, while Mr. Watson has almost as many, the two herds numbering above five hundred.

OPERATION FOR APPENDICITIS

Friends will be pleased to learn of the improvement of Mr. Walter S. Brown, who was operated on yesterday for appendicitis.

SENSATIONAL RUMORS WITHOUT FOUNDATION

NO GOVERNMENT INSPECTOR MAKING CASES AGAINST THE STATESBORO MERCHANTS.

A most sensational rumor, the origin of which has not been determined, has been going the rounds locally, and has attained circulation even at some distance from Statesboro, to the effect that a government representative had visited Statesboro during the week and made a case against the Brooks Simmons Company for profiteering. The report proceeded to give exact figures and circumstances, and finally stated that the case against the Brooks Simmons Company was under bond for \$7,500 to \$25,000 and two of his clerks were in jail.

Aside from the fact that a report of this kind is calculated to place a business man in an undesirable light before his patrons, it is annoying to be called upon to deny a rumor so entirely devoid of truth. Mr. Simmons has authorized this paper to say that there is not one iota of fact upon which to found such a report, no government official or any one else having found fault with his manner of selling, and that he desires his friends to understand that there is no reason for the circulation of the report. He is at a loss to understand how it became current.

CONTRACT IS LET FOR COUNTY BRIDGES

SEVEN BRIDGES ON ROAD FROM CANDLER TO EFFINGHAM TO BE OF CONCRETE

A contract was let by the county commissioners at their meeting last week for the construction of concrete bridges over all streams on the road known as the Dixie Overland Highway between Candler and Effingham counties. There are to be seven of these bridges, and their total length is to be 700 feet.

The bridges are to be built by government aid, the county having previously been awarded \$20,000 of the public road fund, besides the assurance from the highway engineer of the state that half of the expense of the work will be paid from this fund. The cost of the seven bridges is to be \$51,000, which is about \$12,000 higher than the estimates submitted by the road engineers, McCrary & Co., last year. Bids were received for this work about two months ago, and were so high that they were all rejected by the commissioners and new bids asked for. The contract let last week is at a figure about \$1,600 below the bid received at that time, which item of saving will be in the interest of the taxpayers of the county.

Work upon the bridges is to be commenced at once and is expected to be completed by the first of next January.

1919 TAX DIGEST SHOWS SMALL GAIN

INCREASE OF \$99,020 IN VALUES IN BULLOCH COUNTY FOR THE PAST TWELVE MONTHS

Tax Receiver J. W. Donaldson has completed his 1919 tax digest and forwarded it today by express to the comptroller general in Atlanta for checking up.

The digest shows a gain of \$99,020 over last year, the total valuations being \$7,829,278, as against \$7,730,258 last year.

Receiver Donaldson is now completing his third year in office. In 1917 the returns were \$6,170,809, an increase of \$385,754 over the preceding year; and in 1918 there was a gain of \$1,559,449 over 1917.

The law requires that the collector shall open his books for the collection of the first of September, which, however, will be impossible the present year. It is expected that the digest will be returned immediately, after which two copies will be made before the collector can begin work.

SIMMONS COMPANY INSTALLS AN ELECTRIC ELEVATOR

As another step toward perfect service which they strive to render to their patrons, the Brooks Simmons Company have this week installed an electric passenger elevator which will interest the public at the same time it renders them a pleasing service.

The elevator runs from one floor to another simply by the pressing of a button, and promises to fill a long-felt want in the saving of energy required to climb the three flights of stairs in the store. Mr. Simmons and his force of clerks are pleased to have their friends come in and see it in operation.

FIRST DISTRICT SCHOOL TO OPEN SEPTEMBER 1

ASSISTANT AGRICULTURIST HAS BEEN ADDED TO FACULTY FOR THE COMING YEAR.

The First District Agricultural and Mechanical School will open for the fall term next Monday, September 1, and a large attendance is expected on the opening day. Many applications have been sent in to this date in excess of the number ever previously received. Both the boys and girls dormitories are going to be filled to their capacity and extra room is being provided over the dining hall for some of the girls. The boys' dormitory has been replaced in the pressing of the state, and promises to fill a long-felt want in the saving of energy required to climb the three flights of stairs in the store. Mr. Simmons and his force of clerks are pleased to have their friends come in and see it in operation.
